

Backyard ADVENTURES

your backyard...their adventure

Playsets Catalog

Welcome to Backyard Adventures

Thank you for including Backyard Adventures in your swing set search! As you browse the catalog, you will find the very priorities all parents hold dear – safety features, durable construction, a variety of accessories and configurations, and the highest innovative value.

Our catalog presents many amazing swing set designs, but we could never show every potential, custom swing set design in a catalog. We encourage you to visit your local Backyard Adventures dealer where knowledgeable playset designers will work with you to customize the system that's right for your family, your budget, and your backyard.

Your local dealer will learn about your yard and provide many swing set options designed to work with your unique landscape, always keeping in mind the need for a safe play space. Many dealers will even visit your home to take measurements and help you pick the right spot! Once you've selected your new play system, your dealer will schedule a convenient time to assemble your playset right in your backyard.

Our innovative products, combined with installation and service from your local dealer, guarantee a memorable shopping experience. We know your time is valuable, so you'll find it easy to shop for a Backyard Adventures swing set. Our goal is to make designing a playset as simple as possible, without compromising quality.

At Backyard Adventures, we specialize in FUN! Everything we do is focused on providing healthy fun for your family. Running, swinging, climbing, and jumping all build physical skills that improve endurance and develop coordination. Social play helps children develop decision making skills and build self-confidence. In addition, outdoor play improves your child's health and helps reduce the risk of childhood obesity. At Backyard Adventures we know that imaginative play is a child's work, and we build wooden playsets that stimulate learning and creativity. As you consider our variety of swing set options, we know you'll be satisfied for years to come with the Backyard Adventures playset you choose.

Treehouse and Peak swing sets are constructed with the highest quality, premium materials and rigorous engineering standards so you and your children can play together. Our unmatched construction, with our industry leading limited-lifetime warranty, guarantees your family a memorable play experience.

Treehouse swing sets are the most modular, most customizable playsets available. Every Treehouse is intended to be unique for your family's specific needs, which makes a Treehouse playset perfect for a family with children of any age. The multi-level fort design provides safe play for both younger and older children in the same play system.

Peak swing sets come standard with our most popular rock wall and other climbing accessories, and their unique angled structure design creates a safe place for the ever-popular tire swivel swing. Peak playsets never compromise on quality and are better suited for many un-level yard settings.

Summit Outlook swing sets are the best value play systems we have ever made! Summit Outlook playsets are engineered for children of all ages and are the highest quality playsets in their price range. No other manufacturer leads with this combination of quality and innovation.

Outlook swing sets are highly modular and very customizable while also being budget friendly. The Outlook forts are designed with two different deck sizes, three different deck heights, and a variety of accessories to create a personalized play experience.

Summit swing sets are rock solid with high quality construction. Summit playsets include our most popular features like rock walls, tire swivel swings, and rope ladders in a variety of modular sizes and heights.

All New Best of Backyard Adventures!

1. **Wood** – Backyard Adventures uses all cedar wood, a premium lumber for outdoor use. Our cedar is free of toxic chemicals and certified to meet and exceed all ASTM standards for playset construction materials. Our lumber suppliers practice sustainable forestry to ensure long-term renew-ability and a healthy environment. Our cedar is superior in strength and durability so your playset will last longer. Cedar is naturally resistant to bug infestation, rot, and decay.

2. **Flex walls** – Our flex walls represent Backyard Adventures' commitment to innovation and simplicity. Now you can easily add accessories anytime by simply removing a flex wall panel to create an activity zone.

3. **Bi-directional bolt through construction** – The key structure joints on our playsets are secured with cross-directional, bolt through construction. This means bolts secure the main structure supports to the uprights in both directions. Our swing set frames are essentially compressing the floor supports into the structural timbers in all directions. Our unique engineering design ensures your playset will be exceptionally strong, safe, and long-lasting.

4. **Steel brackets** – We also use a variety of custom steel, powder-coated brackets to add additional strength and support to our superior fort structures.

5. **Floors** – Our playset floors are built just like your house! The floor joists, shear hangers, and recessed floor design create a solid footing. There is no flexing in our more rigid floor construction, ensuring safe play for years to come.

6. **Steel swing supports** – The steel top plate and side strips are additional safety features against board failure. At Backyard Adventures, your family's safety is always our top priority.

7. **Thick chains** – Our exclusive ¾" powder-coated chains are noticeably thicker and stronger.

8. **Safe slides** – Our exclusive Rocket Slide is intelligently designed with high side walls and a safe exit so even your younger children can slide with confidence.

9. **Marine rope (no splintering)** – Our rope is marine grade for outdoor use. It does not splinter like cheaper ropes so little hands always have a secure, soft grip.

10. **Adjustable height swing beams, monkey bars, and forts** – Our playsets are designed for relatively un-level backyards. We offer many features that adjust to fit the unique contours of your landscape.

11. **Heavy duty swing hangers** – Our commercial grade ductile swing hangers are the strongest swing hangers used on backyard playsets.

12. **High quality stain** – Our premium stain enhances the natural beauty of cedar and protects it from the elements. We use a unique, two-toned stain on most of our swing sets to enhance the beauty of your backyard landscape.

13. **Safety grip chains** – The chains on our belt swings and infant swings are specifically designed for smaller hands with a comfortable rubber coating.

14. **Quarry Climbers** – These incredible rock climbing holds were hand sculpted by professional rock climbers. Quarry Climbers can be rotated to change the climbing experience as your children get older.

15. **Arched walls** – Arched walls make entering a playset easier and create a safer play area by not leaving our forts wide open.

16. **Flat ladder steps and handrails** – All ladders are standard with flat steps and handrails. This is always the safest way into a fort structure for children of all ages.

17. **Grab handles** – Grab handles are strategically placed around the playset to ensure a safe play experience for your children.

• **Dealer service** – Your local dealer is the most valuable asset when choosing a playset for your family. Their friendly staff members are product experts, trained to teach you the most relevant information about selecting a backyard playset. Visiting a dealer is fun for the whole family, so take your kids and experience all Backyard Adventures has to offer.

• **Modular designs** – Backyard Adventures playsets are the most modular designs available. Visit your local dealer showroom to create a customized playset that's perfect for your family, backyard, and budget.

• **Best warranty** – Backyard Adventures warranties lead the industry in providing total customer satisfaction. We stand behind every playset we put our name on so you can be confident in your choice to own a Backyard Adventures playset. Be sure to ask about our limited lifetime warranty.

• **Space savers** – Our space saving playsets and features create the most play value in small spaces. Ask your local dealer to design a space saving playset for your side yard or corner play space.

Backyard ADVENTURES

Treehouse Peak Series

We've been designing and building Treehouse and Peak swing sets for over 40 years, since the very beginning of Backyard Adventures. Treehouse Peak playsets have been enjoyed by hundreds of thousands of children helping them create the most joyful childhood memories. We are most excited to introduce our latest Treehouse Peak product line with the highest quality construction, superior engineering design, unlimited customizability, and of course our industry leading limited lifetime warranty.

Treehouse Peak swing sets are our premium line of backyard play systems. They are the largest, tallest, most versatile playset designs ever made for the best backyards. The product line includes three different deck sizes, four different deck heights, and the ability to accommodate all types and sizes of scoop slides, tube slides, and open spiral slides. You simply can't find a higher quality, better designed, fully customizable wooden swing set anywhere else.

Treehouse Peak Series Includes:

- Most modular design
- Tarp and Wood Roof options
- Highest quality construction
- Square base and angled base fort designs
- Multi-level vertical and angled upright hybrid designs
- Deck heights: 5', 6', 7', and 9'
- Swing heights: 9' and 10'
- Slide lengths: 10', 12', and 14'

The all new, completely re-designed Treehouse style swing sets include an improved structural design with bi-directional bolt through construction, increased modularity, and many new play features. You can attach the new pergola to any Treehouse fort to create the perfect backyard play and relaxing space. The pergola is designed for an optional picnic table...it's your choice! Playhouse and cabin enclosure doors are much taller for older children, and the new hybrid playset design combines the best of all playsets into a single play system.

Peak style swing sets are huge with XL (over 30 sq ft of play space per deck) and Jumbo (44 sq ft of play space per deck) versions for any size backyard. Peak playsets are also constructed with bi-directional bolt through hardware connections, steel brackets at the main structure joints, and lots of customizing options. Peak forts are the strongest playsets with 4" x 6" timbers and a rock-solid angle base design.

Treehouse Peak playsets have many aesthetic upgrades with beautiful two-tone stain, textured powder-coated steel components, two-tone roofline trims, decorative gables and rafter tails, and lots of detail in window and door features. The unique wrap-around porch, upgraded Adventure Bridge, and improved overall value make this the best Treehouse Peak swing set series ever created. We invite you to explore our Treehouse Peak swing sets at your local Backyard Adventures dealer, online at www.backyardadventures.com, or just give us a call.

- 7' Rock Wall
- Picnic Table

All New Pergola, Ultimate Climber, Loft XL, and Loft Porch

The new Treehouse Pergola and optional side table introduce an entirely new category of accessories for wooden swing sets. Who doesn't like to play and relax in the backyard? With the pergola addition to any Backyard Adventures Treehouse playset, you and your children can play and relax with a little added shade for those hot summer days. The pergola can stand alone, or you can add the new side table under your pergola for picnics, playing games, or just doing homework outside. If you already have plenty of shade, the side table is available by itself for a perfect backyard picnic setting. The two-toned stain creates an aesthetically pleasing addition to your backyard play, and relaxing, oasis.

The Treehouse Peak Ultimate Climber is one of our most popular accessories because it includes so many climbing, hand-over-hand, and strength building activities. The 6.5' high Ultimate Climber monkey bar system connects to any 6' high Olympian Treehouse or Peak fort, and the tallest 8.5' high Ultimate Climber monkey bar connects to our 7' high Titan Treehouse and Peak structures. The taller Ultimate Climber is one of the greatest value additions we've ever created because now your backyard swing set can include a challenging, strength building play feature for teenagers. The days of thinking a backyard wooden swing set is just for younger children are over. Children, teenagers, and parents alike can play, challenge each other, or do legitimate strength training on the upgraded 8.5' tall Ultimate Climber.

The Treehouse Peak Loft XL and Loft Porch have been upgraded with a premium roof style to enhance the beauty of your backyard playset. These two amazing fort upgrades sit on top of the Ultimate Climber and provide a 7' deck height (on the 6.5' Ultimate Climber) or a 9' deck height (on the 8.5' Ultimate Climber). You can add additional scoop slides, tube slides, open spiral slides, and even a 7' high rock wall to the Loft XL and Loft Porch (rock wall not available for Loft Porch) or turn the Loft XL into a cabin with doors opening into the Loft Porch. There are so many options for unlimited backyard fun!

Exclusive Hybrid Playsets

Wooden swing sets have been designed in a variety of styles for a long time, and the two most popular styles include fort structures with square bases or angled bases. Customers seem to prefer these two playset designs since they provide the best overall value. However, there are some limitations to each style of playset. For example, you cannot add a picnic table or lower playhouse to angled base forts, and you cannot safely add a tire swivel swing to a square base fort.

This is why Backyard Adventures created the totally unique hybrid style playset. Our hybrid fort structures combine the square base and angled base designs into one play structure so your family can have it all! We offer hybrid swing set designs in many different sizes, deck heights, and accessories combinations. Your local Backyard Adventures dealer is an expert in creating hybrid swing sets to maximize play value. We invite you to visit your local dealer store or check out our playset designer at: design.backyardadventures.com.

Unique Wrap-Around Porch...

We have designed many wooden playsets in the past 40 years, but occasionally we come up with something that gets everyone excited. The all-new wrap-around porch/playhouse swing sets are some of our best ever backyard fun creations. Take a look at Titan Treehouse XL's 11, 12, 13, and 14 to see some of our wrap-around designs.

Our Olympian and Titan Treehouse XL forts include the option to wrap a porch around the outside of a fort structure. The wrap-around porch can attach to two, three, or all four sides of a Treehouse XL fort. Wrap-around porches are created by combining Treehouse balconies with corner decks for a whole new dimension of play. The corner deck sits at a 45 degree angle to the main fort structure and has two flex wall openings for accessories like slides and gang planks. In many backyard layouts, using a corner deck to direct long slides into the corner of your backyard will reduce the overall space requirements for large play structures.

The totally unique, wrap-around lower playhouse creates a massive enclosed play area in a 1/4, 1/2, or full 360 degree configuration. There's no limit to the creative play your children will enjoy in a wrap-around playhouse enclosure!

...and NEW Wrap-Around Playhouse

- 7' Fireman's Pole

Check out the HUGE play space inside the new Wrap-Around Playhouse!

Treehouse Peak **Adventure Bridge**

Our Adventure Bridge has been around for a long time and creates the most elaborate combo playsets ever designed for backyards. A bridge connects two fort structures of the same deck height and turns them into a large combo playset. You can use an unlimited number of Adventure Bridges to connect as many Treehouse or Peak playsets together as you want.

The new Adventure Bridge is huge and becomes a play center in and of itself. With almost 37 sq ft of play space on the bridge deck, it can be the command center for your child's pirate ship or the outdoor observatory for your future Astronaut. We also kept the six opening, flex wall design on the new Adventure Bridge so you can attach slides, rock walls, fireman's poles, gang planks, and other accessories to the bridge. Additionally, you can attach a tire swivel swing under the Adventure Bridge.

There's no limit to the ultimate backyard playset with the Adventure Bridge. Two of our favorite expert tips for designing the best backyard swing set are to use a combination of hybrid style forts with the Adventure Bridge and/or use Treehouse and Peak base forts with an Adventure Bridge. If you want a truly unique playset that's hard to duplicate, try using both design tips to create a mega backyard playset!

Peak and Treehouse playsets become one with the Adventure Bridge. The unity creates a stunning look with the wide-angle Peak structure next to a multi-level Treehouse structure. Try connecting three or more Treehouse or Peak forts with multiple bridges!

Children love the open space created by multiple playstructures connected with an Adventure Bridge. Their imaginative play becomes unlimited without ever leaving the safety of their backyard!

- 9' 90 Degree Turn Tube Slide
- Accessory Arm with Rope Ladder

Space Savers

Space Saver playsets pack as much play value as possible into the smallest spaces without compromising quality and value. We have traditionally offered Treehouse space saver designs in 5' deck heights, but we are now excited to introduce our new 6' high deck space saver swing sets in both Treehouse and Peak styles.

Our original space saver is the Free-Standing Swing Beam. This swing set has an 8' high swing beam with room for three, single-person swing accessories. Many families do not have enough backyard space for the traditional fort and swing beam combination. With the Free-Standing Swing Beam, you can install a space saver fort with climbing and sliding accessories in one part of your backyard, then add a space saver swing beam to a different part of your yard. You don't have to give up important play features just because your backyard is not big enough for a traditional fort with attached swing beam.

Olympian Treehouse XL (6' deck height) space savers include our two-position accessory arm designed to hold two, single-person swing accessories. You can also add picnic tables, rock walls, and other climbing options to Olympian Treehouse XL space savers without needing additional play area space.

Olympian Peak XL space savers have even more built-in play features in a relatively small space. They include the tire swivel swing, rock wall, combo ladder with flat steps and z-bars, a rope ladder, and room for two, single-person swing accessories. Our variety of available slides can help save even more space over traditional playset designs.

Summit Outlook Series

Can I have your attention please! Calling all moms and dads, we have some really BIC news...Would you like to customize a playset without breaking the bank? Would you like to choose each play feature for your children, not compromise on quality, and still have money left over for that much needed family vacation? If so, this unique line of high-quality playsets is exactly what you've been looking for.

We are proud to introduce the totally innovative Summit Outlook Series. There's truly nothing like it in all the world of playsets! With two deck sizes, two deck heights, two swing beam heights, multi-deck configurations, lots of fun accessories, and a beautiful new color palette, Summit Outlook play systems are the new standard in lower and mid-priced specialty playsets.

We have spent years developing this playset line, and as a result we are confident Summit Outlook Series is the best value available. You may first notice the new color palette of light brown and mahogany colored stains that give these playsets a rich look, but there's even more. The unique hybrid style option lets you design playsets with both a lower playhouse and a tire swivel swing in the same structure. You can't find this innovative value anywhere else!

Summit Outlook Series includes:

- Modular design
- Tarp and Wood Roof options
- High quality construction
- Square base and angled base fort designs
- Multi-level vertical and angled upright hybrid designs
- Deck heights: 5', 6', and 7'
- Swing heights 8' and 9'
- Slide lengths 10', 12', and 14'

We know what matters most to you. We understand the value of your time, the fact that each family is unique, and that one size does not fit all for your backyard, your family, and your budget. As you shop for a backyard playset, we encourage you to pay close attention to every construction, design, and quality detail. With so many value playsets that all look the same, you'll see clearly how we stand apart. We look forward to sharing our Summit Outlook playsets with your family.

Ultimate Climber Monkey Bars, Lofts, and More

The Summit Outlook Ultimate Climber may just be the coolest, most exciting, and challenging monkey bars system ever created. We loaded this double-wide monkey bar with all kinds of strength, dexterity, and climbing features designed to help children be healthy and succeed at new challenges.

The Summit Outlook Ultimate Climber includes two sets of monkey bars supported by ultra-strong 4x6 timbers. One side of the monkey bars is a traditional flat rung style and the other side is our new wave climber featuring an up and down climbing experience. There are lots of hand-over-hand sliding bars and grips, a chin-up bar, cliff hanger grips, swinging gym rings and trapeze bar, and the all-new hanging ball grips. Ball grips are movable and create unlimited combinations of hand-to-hand swinging rope challenges. Cliff hanger grips challenge even the strongest children with many expert level climbing transitions. And of course, the Summit Outlook Ultimate Climber wouldn't be complete without a built-in fireman's pole for extra fun and a safe dismount.

Summit Outlook Ultimate Climber

The Summit Outlook Ultimate Climber stands 6.5' high (Adventure or Olympian structure connections) and attaches to any Summit Outlook fort structure. The incredible value of our totally unique, strength building Ultimate Climber keeps getting better when you pair it with a Loft and Loft Porch!

Summit Outlook Ultimate Climber, Loft XL, Cabin Package, and Loft Porch

The Ultimate Climber at 6.5' high creates amazing climbing and fitness activities for children of all ages. Pair it with a Loft XL and a Loft Porch for some of the tallest 7' high slides to excite parents and children alike!

Kitchenette

The kitchenette is designed for any Backyard Adventures swing set. The wooden cabinet can be installed in a lower playhouse or upper fort, and it includes lots of fun food toys. The best feature is our electronic stove top with moving blender, sizzling frying pan, and boiling pot.

Cabin Package

Cabin Packages turn any XL fort space into a cabin in the woods, complete with double-doors, windows with screens, and a cozy enclosed feeling.

Summit Outlook Loft XL

The Loft XL is a 5' x 5' play space on top of the ultimate climber. The deck stands 7' tall, so our longest 14' rocket slides, 7' tube slides, and 7' open spiral slides are easy to add. You can also enclose a Loft XL with a cabin package for added play value.

Summit Outlook Loft

The Loft is a 5' x 4' play space on top of the ultimate climber. This value oriented, high-in-the-sky fort is a perfect option for adding 14' slides, 7' tube slides, or 7' open spiral slides to any Summit Outlook playset.

Summit Outlook Loft Porch

The Loft Porch extends the play space of a Loft XL or a Loft, adding an additional 3' x 5' play area. The Loft Porch is also designed for all three types of slides, and pairs nicely with the Loft XL and Cabin Package.

Adventure Outlook 1

PLAYSET SHOWN WITH:

- Adventure Outlook
- Green Tarp Roof

- Side Table with Roof
- 6' Rock Wall XL
- 12' Rocket Slide

Exclusive Hybrid Playsets

As you continue to browse through our catalog, you will see several examples of hybrid playsets. Wooden playsets are traditionally made with either square base structures or angled base structures. Square structures are best for playhouses, picnic tables, and sandboxes, while angled structures are usually paired with tire swivel swings.

We decided you shouldn't have to choose between one style or the other because children love both. Hence, our exclusively designed, hybrid playsets are game changers with both square base and angled base forts combined into one amazing play system. Backyard Adventures hybrid playsets are totally unique, loaded with value, and made to fit almost any backyard, budget, or family wish list.

Adventure Outlook XL 3

Ecommerce Website

backyardadventures.com

We hope you will visit our industry leading website, intentionally designed for how you like to shop. We invite you to register for an account at backyardadventures.com where you can see all playsets with prices that include delivery to your home, and in most areas, the prices include installation.

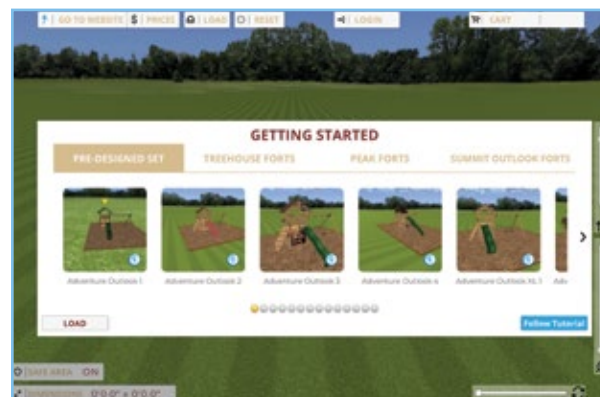

At backyardadventures.com, you will enjoy the most innovative online shopping experience for playset products. Our website is fully integrated with our dealer stores so you will have a seamless experience between visiting the showroom and shopping from home.

3D Playset Designer

design.backyardadventures.com

We are excited for you to use our 3D playset designer to create your dream playset. You can use our playset designer by clicking the Customize button on any product page. Our dealers can also help you design the perfect playset while visiting their stores, or you can design from home and share your designs with your local dealer. Either way, it's always best to contact your local dealer for professional help and to understand their installation schedule.

If you do not have a local dealer, please contact us directly so one of our playset designers can assist you. Thank you for considering Backyard Adventures in your search for the perfect backyard swing set!

Safety & Maintenance

Choose the most sensible ground cover for your dedicated play area.

You have many options when it comes to ground cover; to name a few there are wood chips, sand, pea-gravel, or rubber mulch. You may also choose to install your swing set directly on the grass or artificial turf. An absolute no-no is to place your playset over concrete or asphalt, regardless of whether or not you add any of the above listed ground covers.

Take care of your playset just like any other big investment.

Periodic tightening of nuts and bolts will ensure the safety of your children while at play. In addition, an annual “tune-up” for your swing set is highly recommended. Please contact your local dealer to inquire about their service program, which may include a complete safety check, playset cleaning, light sanding where needed, hardware tightening and last but not least, an application of Backyard Adventures original stain. By doing so, your investment is sure to last a lifetime!

Authorized Backyard Adventures dealers ... priceless.

Our dealers are there for YOU! They are ready to help you make the perfect choice when it comes to choosing your swing set, play area location, installation, or ground cover. After you purchase your playset, your local dealer is just a call away to assist you in adding additional fun accessories or helping you maintain the luster of your playset. You can always purchase Backyard Adventures Wood Glow stain at your local dealer store. They can even move or assist you in moving your wooden swing set to a different location if necessary. We are proud of our dealer network and know you will be as well.

BACKYARD ADVENTURES LIMITED WARRANTY FOR TREEHOUSE, PEAK, AND SUMMIT OUTLOOK SERIES BRANDS

This Limited Warranty applies to products manufactured by or on behalf of BACKYARD ADVENTURES®, Inc. under the Treehouse™ Series, Peak™ Series, Summit Outlook™ Series.

All above ground wood components, Rocket Slides™, powder-coated steel components, and hardware are covered by a Limited Lifetime Warranty, that is, they are warranted for so long as the original owner owns such parts, accessories and components against rot and decay or defects in workmanship and materials that affect the structural integrity of the parts, accessories, and components. In the event of any rot, decay or defect during the period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

BACKYARD ADVENTURES®, Inc. warrants that this product will be free from defects in materials and workmanship for a period of five (5) years from the original date of purchase. This five (5) year warranty covers all parts not mentioned in the above Limited Lifetime Warranty. In the event of any such defect during the five-year warranty period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

In addition, within the first 30 days from date of purchase, BACKYARD ADVENTURES® will replace any parts found to be missing from or damaged in the original packaging. This warranty applies to the original owner and registrant only and is non-transferable. Regular maintenance is required to assure maximum life and performance of this product and failure by the owner to maintain the product according to the maintenance requirements may void this warranty. Maintenance guidelines are provided in the Owner's Manual.

This Limited Warranty does not cover:

- Labor for any inspection.
- Labor for replacement of any defective item(s).
- Incidental or consequential damages.
- Cosmetic defects which do not affect performance or integrity of a part or the entire product cosmetic flaws occurring under

normal use, such as surface scratches, minor chips, hairline cracks, dents, marring, efflorescence, color fade, discoloration, corrosion/rust, fraying, or warping.

- Wood buried below ground level.
- Products to which non-Backyard Adventure parts have been added or substituted.
- Damage due to environmental factors (such as wind-blown sand, salt spray, or airborne emissions from industrial sources).
- Vandalism, improper use, failure due to loading or use beyond the capacities stated in the applicable Assembly Manual.
- Acts of nature including but not limited to wind, storms, sandstorms, lightning, tornadoes, earthquakes, hail, floods, excessive water exposure.
- Improper installation including but not limited to failure by the installer to follow all instructions, guides or directions, or failure to use the appropriate Concrete Anchoring Kit.
- Installation on uneven, un-level, or soft ground.
- Minor twisting, warping, checking, or any other natural occurring properties of wood that do not affect performance or integrity.
- Freight and/or shipping costs for replacement parts.

Backyard Adventures does not warrant that any color will be available for any specific period, and reserves the right, in its sole discretion, to discontinue any color for any reason.

BACKYARD ADVENTURES® products have been designed for safety and quality. Any modifications made to the original product could damage the structural integrity of the unit leading to failure and possible injury. Modification of the original product voids any and all warranties and BACKYARD ADVENTURES® assumes no liability for any modified products or consequences resulting from failure of a modified product.

These Limited Warranties apply to play sets purchased for and/or used in RESIDENTIAL USE ONLY.

Under no circumstance should a BACKYARD ADVENTURES® Summit Outlook™ Series product be used in public settings such as schools, churches, playgrounds, parks, day cares and the like. Such use may lead to product failure and potential injury. Any and all public use will void this warranty. Backyard Adventures® disclaims all other representations and warranties of any kind, expressed or implied. This Warranty gives you specific legal rights. You may have other rights as well which vary from state to state or province to province. This warranty excludes all consequential damages; however, some states do not allow the limitation or exclusion of consequential damages and therefore this limitation may not apply to you.

BACKYARD ADVENTURES LIMITED WARRANTY FOR DEALER PRIVATE LABEL PRODUCTS

This Limited Warranty by BACKYARD ADVENTURES® applies to products manufactured and sold to Dealers that are intended for private label use (i.e. Grand Series™ products). All above ground wood components, Rocket Slides™, powder-coated steel components, and hardware are warranted for ten (10) years from the original date of purchase against rot and decay or defects in workmanship and materials that affect the structural integrity of the parts, accessories, and components. In the event of any rot, decay or defect during the ten-year warranty period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

BACKYARD ADVENTURES®, Inc. warrants that this product will be free from defect in materials and workmanship for a period of two (2) years from the original date of purchase. This two (2) year warranty covers all parts not mentioned in the above ten (10) year warranty. In the event of any such defect during the two-year warranty period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

In addition, within the first 30 days from date of purchase, BACKYARD ADVENTURES® will replace any parts found to be missing from or damaged in the original packaging. This warranty applies to the original owner and registrant only and is non-transferable. Regular maintenance is required to assure maximum life and performance of this product and failure by the owner to maintain the product according to the maintenance requirements may void this warranty. Maintenance guidelines are provided in the Owner's Manual.

This Limited Warranty does not cover:

- Labor for any inspection.
- Labor for replacement of any defective item(s).
- Incidental or consequential damages.
- Cosmetic defects which do not affect performance or integrity of a part or the entire product cosmetic flaws occurring under normal use, such as surface scratches, minor chips, hairline cracks, dents, marring, efflorescence, color fade, discoloration, corrosion/rust,

fraying, or warping.

- Wood buried below ground level.
- Products to which non-Backyard Adventure parts have been added or substituted.
- Damage due to environmental factors (such as wind-blown sand, salt spray, or airborne emissions from industrial sources).
- Vandalism, improper use, failure due to loading or use beyond the capacities stated in the applicable Assembly Manual.
- Acts of nature including but not limited to wind, storms, sandstorms, lightning, tornadoes, earthquakes, hail, floods, excessive water exposure.
- Improper installation including but not limited to failure by the installer to follow all instructions, guides or directions, or failure to use the appropriate Concrete Anchoring Kit.
- Installation on uneven, un-level, or soft ground.
- Minor twisting, warping, checking, or any other natural occurring properties of wood that do not affect performance or integrity.
- Freight and/or shipping costs for replacement parts.

Backyard Adventures does not warrant that any color will be available for any specific period, and reserves the right, in its sole discretion, to discontinue any color for any reason.

BACKYARD ADVENTURES® products have been designed for safety and quality. Any modifications made to the original product could damage the structural integrity of the unit leading to failure and possible injury. Modification of the original product voids any and all warranties and BACKYARD ADVENTURES® assumes no liability for any modified products or consequences resulting from failure of a modified product.

This product is warranted for RESIDENTIAL USE ONLY. Under no circumstance should a BACKYARD ADVENTURES® private label product be used in public settings such as schools, churches, playgrounds, parks, day cares and the like. Such use may lead to product failure and potential injury. Any and all public use will void this warranty. Backyard Adventures® disclaims all other representations and warranties of any kind, expressed or implied.

This Warranty gives you specific legal rights. You may have other rights as well which vary from state to state or province to province. This warranty excludes all consequential damages; however, some states do not allow the limitation or exclusion of consequential damages and therefore this limitation may not apply to you.

Backyard Adventures Limited Non-Residential Use One Year Limited Warranty and Limited Non-Residential Requirements

This Limited Warranty and Limited Non-Residential Requirements by Backyard Adventures applies to playset products: (i) manufactured under the Treehouse® series and Peak® series brands (collectively the “Brands”); (ii) purchased by the ultimate consumer entity from an authorized dealer of the Brands; (iii) installed by that dealer or a contractor engaged by such authorized dealer and such installation includes compliance with Backyard Adventures installation information, guides and directions, using an approved Concrete Anchoring Kit; (iv) installed in a location that is not accessible to the general public (such access only available to participants of the consumer entity programs); (v) where all use of the playsets by such participants is supervised by a responsible adult, and (vi) where the installation and use of the playsets are in compliance with all applicable laws, regulations and ordinances, including but not limited to permitting, inspection, and limitation of number of users, if any; (vii) designed without an attached swing beam or swing accessories of any kind.

Backyard Adventures warrants that for a period of one year from the purchase date of the product from the dealer, (i) all wood, hardware, swings, slides, and accessories are free from defect in materials and workmanship, and (ii) all above ground wood parts are free from rot and decay. Refer to the schedule below for charges associated with replacement of parts under this Limited Warranty. In addition, Backyard Adventures will replace any parts within the first 30 days from date of purchase found to be missing from or damaged in the original packaging.

This warranty applies to the original owner and registrant and is non-transferable. Regular maintenance is required to assure maximum life and performance of this product and failure by the owner to maintain the product according to the maintenance requirements may void this warranty. Maintenance guidelines are provided in the Owner's Manual.

This Limited Warranty does not cover:

- Labor for any inspection.
- Labor for replacement of any defective item(s).
- Incidental or consequential damages.
- Cosmetic defects which do not affect performance or integrity of a part or the entire product cosmetic flaws occurring under normal use, such as surface scratches, minor chips, hairline cracks, dents, marring, efflorescence, color fade, discoloration, corrosion/rust, fraying, or warping.
- Wood buried below ground level.
- Products to which non-Backyard Adventure parts have been added or substituted.
- Damage due to environmental factors (such as wind-blown sand, salt spray, or airborne emissions from industrial sources).
- Vandalism, improper use, failure due to loading or use beyond the capacities stated in the applicable Assembly Manual.
- Acts of nature including but not limited to wind, storms, sandstorms, lightning, tornadoes, earthquakes, hail, floods, excessive water exposure.
- Improper installation including but not limited to failure by the installer to follow all instructions, guides or directions, or failure to use the appropriate Concrete Anchoring Kit.

- Installation on uneven, un-level, or soft ground.
- Minor twisting, warping, checking, or any other natural occurring properties of wood that do not affect performance or integrity.
- Freight and/or shipping costs for replacement parts.

Backyard Adventures does not warrant that any color will be available for any specific period, and reserves the right, in its sole discretion, to discontinue any color for any reason.

Backyard Adventures products have been designed for safety and quality. Any modifications made to the original product could damage the structural integrity of the unit leading to failure and possible injury. Modification voids any and all warranties and Backyard Adventures assumes no liability for any modified products or consequences resulting from failure of a modified product.

This product is warranted for RESIDENTIAL AND LIMITED NON-RESIDENTIAL USE ONLY. Limited Non-Residential Use is defined as installation and use by home day care facilities, churches, pre-schools with a limited student population. Backyard Adventures reserves the right to approve additional light commercial settings on a case by case basis. Under no circumstances should a Brand playset be installed and used in an unsupervised, public settings such as schools, churches, playgrounds, parks, day care centers and the like where there is more than a limited student population or any of the other conditions set forth in this Limited Warranty are not strictly adhered to. Use in a prohibited setting may lead to product failure and potential injury. Any and all public use in a prohibited setting will void this warranty. Backyard Adventures disclaims all other representations and warranties of any kind, express or implied.

This Limited Warranty does not apply to any Backyard Adventures playsets or products other than the specified Brands or to any product whatsoever purchased from any source other than an authorized dealer of Backyard Adventures.

This Limited Warranty gives you specific legal rights. You may have other rights as well which vary from state to state or province to province. This warranty excludes all consequential damages, however, some states do not allow the limitation or exclusion of consequential damages and therefore this limitation may not apply to you.

To make a Warranty claim, send complete information regarding any product defect, including: (i) a copy of the original receipt for purchase, (ii) acceptance of installation documentation, (iii) a description, including pictures wherever possible, describing, defining and showing such defect. Such information should be sent to:
